9.30 – 10.10 God morgon, Clara!

Den 13 sept för 200 år sedan föddes Clara Schumann. Vi har döpt vår konsertsal efter pianisten, tonsättaren och åttabarnsmamman. Gabriele berättar och läser ur hennes brev till maken Robert Schumann och vännen Johannes Brahms. Lite musik blir det också. För barn från 9 år uppåt, gärna i vuxet sällskap. Vi ses i hennes sal!

10.30 – 11.30 Try out/prova på Sällsynta instrument – lättare att spela än du tror!

Harpa med Ysella – i Tonlyckan

Oud med Heresh – i Clara Schumann -salen

Altfiol med Ghazwan - i Clara Schumann-salen

Dragspel med Krzysztof – i Clara Schumann-salen

OBS! Under dessa tider pågår lektioner i vår Music Kindergarten. Gå inte in i rummen men det går fint att titta in utifrån!

Welcome to LIMUS today!

Visiting an international Music school means that you happily will hear many languages from many countries in our house. We really love this mixture as we also know there is one language, we all feel at home with – and this is music!

After having said “Goodbye to Svane” at Kulturnatten 2018, today we put spotlights on our beautiful new music house at Helgeandsg 7. Next year, 2020, we will invite you to our other house at Bredg 25, giving you a Come-back of “Klassik på garden”. We just need to wait for the “spårvagn” to become ready 😊

LIMUS is a private Music school with a fantastic team of 25 highly educated teachers, four of them owning the school. We are very proud to run a school which really is educating in music, giving students both tools and opportunities to grow with music. Up until now we have achieved this without any external financing, but since this term, with the music cheque, our lessons for young people are available as a part of the municipal supply. Please tell your friends!

We have prepared a whole day with music for you, Starting 9.30 with a “Good morning” and Clara Schumann and finishing about 21.00 with a Nocturne and Frederic Chopin. In between you may try out rare instruments such as the harp and others. And of course, you can test your nerves at Mårtenstorget when it's time to synchronize 6 players at three pianos. Everything is free for everybody! If you want to buy something, you can buy music books and small musical presents.

Extremely grateful we are to all our lovely students (more than 120 today!) sharing their music live with you. Many of them have done extra practices and prepared carefully. Give them all the applause they are worth! Next time to hear them is oct 27th in Helgeandskyrkan and dec 6/7 in our five Nikolaus concerts at Magle konserthus.

Wishing you a really good time! /Gabriele Katthän/Principal

PS: As always, so today: Participants in a concert are supposed to listen until the end of the concert before leaving. That's the rule.
